Response Due By: 30 Days of Receipt

Dear Mr. Finnegan:

The undersigned has been appointed by the Division of Oil, Gas & Mining as the assessment officer for assessing penalties under R647-7.

Enclosed is the proposed civil penalty assessment for the above referenced cessation order. The cessation order was issued by Division inspector, Wayne Western, on March 19. 2-14. Rule R647-7-103 et. seq. has been utilized to determine the proposed penalty of \$1,760.00. The enclosed worksheet outlines how the civil penalty was assessed.

By these rules, any written information which was submitted by you or your agent within fifteen (15) days of receipt of this cessation order has been considered in determining the facts surrounding the violation and the amount of this penalty.

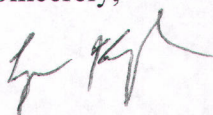

Under R647-7-106, there are two informal appeal options available to you. You may appeal the 'fact of the violation', the proposed civil penalty, or both. If you wish to informally appeal you should file a written request for an informal conference within thirty 30 days of receipt of this letter.

The informal conference will be conducted by a Division-appointed conference officer. The informal conference for the fact of the violation is distinct from the informal assessment conference regarding the proposed penalty. If you wish to review both the fact of the violation and proposed penalty assessment, you should file a written request for an assessment conference within thirty (30) days of receipt of this letter. In this case, the assessment conference will be scheduled immediately following the review of the fact of the violation.

If a timely request for review is not made, the fact of the violation will stand, the proposed penalty will become final, and will be due and payable within thirty (30) days of the date of this proposed assessment (by May 5, 2014). Please remit payment to the Division, mail c/o Sheri Sasaki.

Sincerely,

Lynn Kunzler
